

News Update

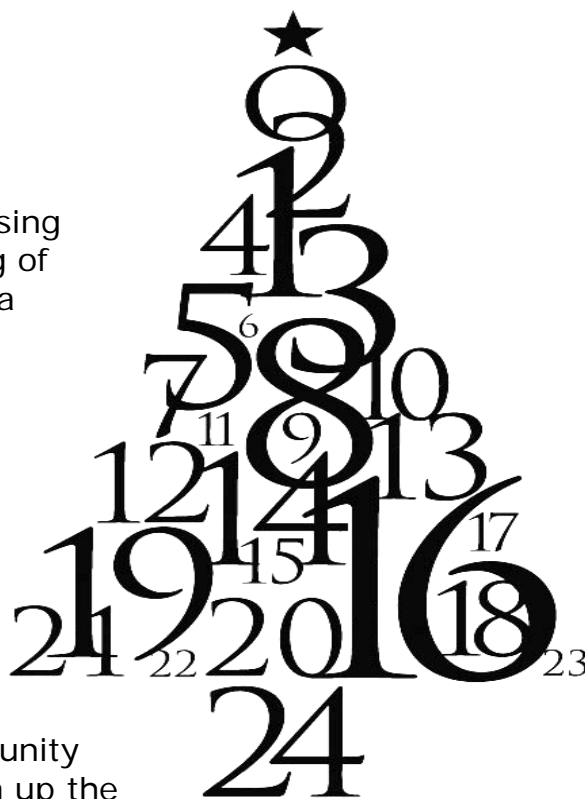

Cambridge Mental Health Resource Centre **Issue 4. December 2006**

Young Adults Service

YAS, the Young Adults Service will be using two rooms in No. 47 from the beginning of December. They have been looking for a community rather than hospital-based venue within which to meet their young people.

Admin on the move

Our administrator, Honor will be joining the rest of the staff team in the upstairs office. This frees up space to have bookable rooms that our community partners can use, and allows us to open up the locked doors to No. 47.

Art Studio and Darkroom

We are currently exploring opportunities to open up the art spaces in the building to the wider community. This is a pilot scheme that hopefully will develop into a community-based accessible art studio, a scarce local resource. We are planning to establish a charging system that uses a sliding scale of fees to take into account employment status. Those on our active list will not be charged.

This could be a great opportunity for our artists to work alongside others and could lead to the hosting of a truly open 'Open Studios' exhibition next year.

The Café

All our new partners are welcome to use the Café facilities here.

Wishing you all a stress-free festive season.....
